Is the nominee available to attend the 2017 Canadian Critical Care Forum (Yes	No)
Nomination Package:		

- 1. Biography of Nominee: Please append the nominee's full CCV in a separate attachment.
- **2. Letter of Support (optional):** A letter of support may be provided from an individual not located at the same institution as the nominee.

assessed against the evaluation criteria listed below. Please ensure you provide the appropriate detailed information in order for the review committee to assess the candidates accordingly. Assessment Criteria: Impact of nominee's research on critical care sciences in Canada; extent to which the nominee has contributed significantly to the advancement of critical care sciences in Canada (e.g., important/key research results or findings) over the last ten years. Relevance/application/impact of nominee's research to a clinical setting (i.e., translational research; "from bench to bedside"). Demonstrated strength and reputation of the proposed nominee in the field of critical care sciences in Canada and internationally. NOTE: The nominee must NOT have received an ICRH partnered DL Award in the past.	3.
