Relevance Form:
Hacking the Knowledge Gap: Innovative Thinking to Support LGBTQI2S Health and Wellness

I, _____, certify that my grant application meets ALL of the relevance criteria outlined in the request for applications.

Namely, my application:

☐ Is complete and includes ALL components listed in the How to Apply section;
  ☐ A cover page;
  ☐ A signed ICS form;
  ☐ A completed relevance form;
  ☐ An problem statement with all listed components;
  ☐ A travel budget (travel, accommodation, meals, caregiving costs, if applicable)
  ☐ An applicant CV (3 pages maximum);
  ☐ A transcript for your current or, in the case of postdoctoral fellows, your most recent program of study;
  ☐ A certificate of completion of one of IGH's training modules;
  ☐ A letter of support from your primary supervisor (2 pages maximum).
☐ Identifies a knowledge-to-action gap (area where knowledge translation is needed), not a knowledge gap (area where more research is needed);
☐ Addresses one or more of the following relevant research areas related to LGBTQI2S health, specifically (please check all that are relevant):
  ☐ Access to inclusive and patient-centred care
  ☐ Mental and emotional health and wellness
  ☐ Self-advocacy and bodily autonomy
☐ Highlights my interest in research pertaining to LGBTQI2S health;
☐ Indicates what skills, experience and/or expertise I can contribute to the Design Jam event;
☐ Indicates how I expect to benefit from the Design Jam event;
☐ Indicates that I understand that grant funds other than those covering attendance at the Design Jam are to be spent developing and disseminating the solutions developed at the event in accordance with the parameters set out in the allowable costs section of the request for applications;
☐ Indicates that I am committed to personally attending the Design Jam event as a condition of funding even if my specific problem statement is not addressed.
