Is the nominee available to attend the 2022 Canadian Vascular and Lipid Summit (Fall 2022)
(Yes /No)

Nomination Package:

- 1. Biography of Nominee:** Please append the nominee's full **CCV** in a separate PDF attachment.
- 2. Letters of Support:** No more than two (2) letters of support (at a maximum of two (2) pages each) should be submitted. One letter of support must be provided by the nominee's institution. The second letter must come from outside the nominee's institution (preferably an international collaborator).

3. Please provide a short justification (max 250 words) for your nomination:

Nominations will be assessed against the evaluation criteria listed below. Please ensure you provide the appropriate detailed information in order for the review committee to assess the candidates accordingly.

Note: nominations will be assessed against the following evaluation criteria:

1. Impact of nominee's research on blood and/or blood vessel sciences both in Canada and internationally; extent to which the nominee has contributed significantly to the advancement of blood sciences both in Canada and internationally (e.g., important/key research results or findings) over the last ten years.
2. Relevance/application/impact of nominee's research to a clinical outcomes, new IP, or other important breakthroughs in the field of blood and blood vessel sciences.
3. Demonstrated strength and reputation of the proposed nominee in the field of blood and/or blood vessel sciences in Canada and internationally.
4. Impact of the nominee's mentorship and training environment on the development of young scientists and other highly qualified personnel in Canada and internationally.

NOTE: The nominee must NOT have received an ICRH partnered Mid-Career Award in the past. Nominations for highly competitive candidates not selected will be carried forward for consideration up to three (3) consecutive years from the original nomination year
